The following document was transcribed from *The Alleganian*, a newspaper of Cumberland, MD and *The Sun*, a newspaper of Baltimore, MD, for the year 1851. This is a companion document to: "Canal Trade 1851" which was transcribed from the same two newspapers. This document has two parts: the first listing being the coal freighting boats departing from Cumberland, and the second listing being the local boats arriving in Georgetown from intermediate points. A few boats appear in both listings.

The use of [brackets] indicates something this editor added to the text for clarity or consistency.

Users who search the newspaper transcriptions *Canal Trade 51* will find some variations in spelling. Every effort was made to reconcile the spellings; although not all variations in spellings were reconciled.
